

Pomander Roses

FABRIC LAYOUT

Below you can find the Suggested Fabric Layout for the linen Thea used for Pomander Roses Pincushion and Accessories. You do not need to follow these suggestions, but they may be of some help to you. We gave you approx. 1 1/2" of extra linen all the way around each piece for finishing. Please double check your own measurements from those in the leaflet to be sure.

Models: 28ct "Carnation Pink" Cashel: 1 piece 12" wide x 43" high

Baste the lines shown on the Fabric Layout Diagram. Then mark the centers of each of the sections.

Getting started:

1. Unpack your accessory pack and sort your threads according to the Materials list in your Leaflet. Sorting your threads is easier if you sort ONE Bundle at a time. Identify the ones you know first, and then identify the ones left. Label them or put them in plastic baggies for your project.

2. Overcast or zig zag raw edges of fabric to prevent unraveling. Work basting lines on fabric as shown on diagram at right. You can also remove fabric threads at the basting lines to save time. Removing one thread marks your cutting lines beautifully! Then baste the horizontal and vertical centers of each section to prepare for stitching. **Optional: make grids by basting every 10 squares = 20 fabric threads.. to align with the heavy lines of the charts, so that in class you can find your way more easily.. it's an extra counting idea!*

3. A roller frame is recommended to prevent distortion and handling of the fabric. Each of the specialty stitches, including backstitch, can be started with a waste knot as follows: make a knot at the end of the thread, and push threaded needle through the front of the fabric near the whipstitched edge. Come up at the appropriate spot and begin stitching. Later, cut the knot from the front of the fabric, pull the tail to the back and carefully weave through stitches already in place. Give yourself plenty of thread to finish these waste knots, after you've finished stitching.

1/2" to attach to roller bars	
Pincushion 6" wide x 6" high	Pincushion 6" wide x 6" high
Pincushion 6" wide x 6" high	Pincushion 6" wide x 6" high
Pincushion 6" wide x 6" high	Pincushion 6" wide x 6" high
Pincushion 6" wide x 6" high	Pincushion 6" wide x 6" high
Pincushion 6" wide x 6" high	Pincushion 6" wide x 6" high
Pincushion 6" wide x 6" high	Pincushion 6" wide x 6" high
Pincushion 6" wide x 6" high	Pincushion 6" wide x 6" high
Scissor Fob 4" wide x 4" high	PinKeep 6" wide x 6" high
